New Fountain Notes.

The farmers are taking advantage of the present fair weather, plowing and killing weeds.

The Verde and the Hondo creeks took another rise of several feet Tuesday of last week. During the rise a Mexican attempted to cross the Hondo creek with a horse and buggy, but the water was too strong for the horse, which was taken into a washout near the road and drowned there.

Mr. and Mrs. Christian Neitenhoefer and baby and Mr. and Mrs. Chas. Neitenhoefer and daughter, Ella, visited home-folks at the upper Hondo valley before last.

Pete Bless is here from San Antonio and gave the residences of Willie Lampe and Fritz Stiegler a coat of paint.

Prof. A. J. Flowers, the music teacher who formerly taught here, returned and organized another class of four; namely: Misses Olga Egan, Emma Boehle, Pearl Riff and Stella Hardt, besides these, his former pupils are also attending the school.

Rev. J. Rohmberg of Austin was visiting Rev. Hoefer at Quibi and preached in the Quibi Lutheran Church Sunday morning and in the New Fountain Lutheran Church in the afternoon.

Several from here attended the unveiling of monuments of the Woodmen of the World at Hondo Sunday.

Emil Hartmann, Alfred Santhoff and Henry Zinsmeister and Misses Edna Hartmann, Annie and Christina, who attended a dance in D'Hanis Sunday night.

Miss Annie Santhoff returned to Hondo Sunday evening after spending the day with home-folks here.

Henry Zinsmeister has returned to his home at Brackettville after a recent visit to relatives and friends here.

Ernest Bohlen, who had been working for the Grells at Quibi, is now at the killing weeds on his daddy's place.

Mr. Henry Burger of Peach Tree visited home-folks at Vandenberg last week.

E. F. Buss of this place was a dis-courtesy juror last week.

Miss Della and Alma de Grodt of Hondo spent last week with their mother, Mrs. H. F. Buss, at this place. Mr. and Mrs. H. F. Butts and Della, Alma de Grodt visited F. D. Neumann and family Sunday.

Mr. Weltner of Camp Verde visited Hondo one day last week.

Mr. Hartmann shot and killed a snake at the Hondo creek Saturday and was supposed to have been rabid. Mr. Henry Hartmann visited her mother, Mrs. Anton Folk, at Thousand today.

Mr. Willie Poehler visited home-folks at Vandenberg Monday.

Mr. Henry Neitenhoefer and Mr. Clara Boehle, Rev. Hoefer, of the church, performed the wedding ceremony. The groom is a Hondo young stock farmer of Vandenberg, while the bride is one of the popular young ladies, and the sister of Mr. and Mrs. F. W. Neitenhoefer.

The happy young pair will move to their new home at Vandenberg. Mr. Neitenhoefer joins the many friends in wishing the happy pair a long and happy married life.

New Fountain, Texas, May 12, 1915.

Our Dome Opens Tonight.

Martin's beautiful little park and dome will open tonight (Saturday) in all its splendor and gorgeousness.

The park and airdome will be a scene of dazzling lights—a large light in the main entrance, lights all over the grounds and lights on the flag pole where "Old Glory" merrily waves in the gentle breezes.

Several speakers will address the audience and seven reels of feature films will be shown.

Everything is glittering and glistening in this amusement resort and all are ready for the big formal opening tonight.

Negro Concert.

A concert will be given at the colored house, north of town, Friday night, May 28th, by Prof. S. R. Burton and his pupils. The performance will begin at 7:30 o'clock. Admission, 10c for adults, and 5c for children. The proceeds will be used in paying the school's indebtedness. Special arrangements have been made to accommodate the white people. There will be a public examination and picnic the day after.

Storm Hill News.

Adolph Eckhart was a San Antonio visitor the first of the week.

Mrs. Pen de Joirno and daughter, Lucille, and Rosa Gerdes were Castroville visitors Wednesday and Thursday.

Misses Ottilia and Thelma Meyer spent several days last week with their aunt, Mrs. Claude Gilliam, at the ranch.

Mrs. Annie Santhoff and daughter, Mrs. Fritz Fuos, were Hondo visitors Sunday.

Henry Aden of Quibi passed through here Thursday en route to Verdina.

Mr. and Mrs. Hobby Frerichs of Hondo were guests of Mr. and Mrs. Andrew Schuehle Wednesday.

Emil Fuos made a trip to Hondo Monday.

A surprise party was tendered Mr. and Mrs. H. L. Schuehle Saturday night. A good crowd was present and every one had a fine time. Those present were: Mr. and Mrs. C. A. Oelinger, Mr. and Mrs. C. H. Fuos, Mr. and Mrs. Anton Burger, Mr. and Mrs. Fritz Fuos, Mr. and Mrs. Ben

Balzen, Mr. and Mrs. Fritz Balzen, Mr. and Mrs. B. de Joirno, Mr. and Mrs. John Balzen, Mr. and Mrs. Edgar Balzen, Mr. and Mrs. A. Eckhart, Mr. and Mrs. C. L. Meyer, Mr. and Mrs. Harm Gerdes, Mr. and Mrs. E. W. Balzen, Mr. and Mrs. H. H. Santhoff, Mr. and Mrs. Fritz Frerichs, Mr. and Mrs. F. G. Muenink, Mr. and Mrs. Fritz Senne, Mr. and Mrs. Louis Heyen, Mr. and Mrs. Oscar Santhoff, Mrs. Fritz Martin, Misses Della Oelinger, Frieda and Dora Balzen, Edna Fuos, Annie Oelinger, Edna Schuehle, Nora Tondre, Edna Santhoff, Emma and Hilda Muenink, Millie and Ida Frerichs, Messrs. And. and E. J. Oelinger, Arnold, Otto and Louis Balzen, H. G. and H. J. Boehle, Rolfe Frerichs, Arthur Haase, Frank Brucks, Frank Haller, George Burger, Walter Fuos, Herman Lindeburg, Adolf Eckhart, Robert Ehrhardt, Hugo and Frank Santhoff, Oscar Bader, Emil Heyen, Henry Schuehle, John Callahan and several others but failed to get their names.

The Philathea Class Met.

The Philathea Class met with Mrs. J. G. Newton on the afternoon of May 11th.

A short business session was held and then the discussion of the lesson led by Mrs. D. H. Fly, who made it very interesting.

A good number of the members and one visitor was present.

After the lesson the class was invited to the dining room where delicious punch, sandwiches and assorted cakes were served.

The class will meet on May 25th at 3:30 P. M., with Mrs. J. W. Miller. The lesson for this time will be the second book of Timothy.

Time to Re-tire? (Buy Fisk)

ONLY permanent customers can make permanent success. Only satisfaction can make permanent customers. On this belief has been based the manufacturing policy of Fisk Heavy Car Type Tires, culminating in the NEW Fisk Tire—in that long-sought goal of all tire makers—the practically puncture-proof tread inseparably united to an endless wearing fabric-body.

The NEW Fisk Heavy Car Type Tire

offers these advantages—a resilient yet tough tread, unusually free from ordinary troubles; the admittedly best fabric-body on any tire; cushion stock of pure Para gum, instead of composition; two breaker strips in place of the usual one; extra thick and tough sidewalls; wrapped treads (not moulded).

The result is a well-balanced, long-wearing tire that surpasses in mileage and satisfaction any tire as yet produced. Every difficulty heretofore encountered has been eliminated in the NEW Fisk Heavy Car Type Tires. They come in all sizes to fit any rim.

Your next equipment should be Fisk.

We stand behind every Tire we sell.

Doing Their Duty.

Scores of Hondo Readers are Learning the Duty of the Kidneys. To filter the blood is the kidneys' duty. When they fail to do this the kidneys are weak. Backache and other kidney ills may follow. Help the kidneys do their work. Use Doan's Kidney Pills—the tested kidney remedy. Proof of their worth in the following:

J. F. Gardner, Oak St., Uvalde, Texas, says: "I have found that Doan's Kidney Pills will do all that is claimed for them and I take pleasure in publicly recommending them. My kidneys gave me a lot of trouble. Their action was irregular, and often the secretions were painful in passage. I also had pains through my back and sides. I finally heard about Doan's Kidney Pills and they made me feel a great deal better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Gardner had. Foster-Milburn Co., Props., Buffalo, N. Y.

In quietly doing your work day by day, being charitable, and never indulging in neighborhood gossip, you may be exerting a greater influence in your little niche than the man or woman who with great gusto, starts out to reform the world.

Chamberlain's Liniment.

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Wabash, Ind., says of it, "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent. bottles. For sale by All Dealers.

Sympathize with the needy, but don't be too liberal until you ascertain whether their condition is the result of misfortune or downright shiftlessness. A lazy man is not going to work so long as his neighbors bring in fuel and plenty to eat.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and dizziness, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by All Dealers.

Don't think because your neighbor keeps cows and you have none, that he should keep you supplied with skim-milk and buttermilk free of charge. His pigs and calves will net him dollars from those same by-products.

Whooping Cough.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by All Dealers.

Think how lonesome the farm would be without the stock for company. And they all appreciate petting, even down to the pig.

For a Torpid Liver.

"I have used Chamberlain's Tablets off and on for the past six years whenever my liver shows signs of being in a disordered condition. They have always acted quickly and given me the desired relief," writes Mrs. F. H. Trubus, Springfield, N. Y. For sale by All Dealers.

The man who is always criticizing church members isn't a desirable associate for your boy.

A child can't get strong and robust while intestinal worms eat away its vitality. To give the child a chance to grow these parasites must be destroyed and expelled. White's Cream Vermifuge is guaranteed to remove the worms; it also puts the vital organs in healthy, vigorous condition. Price 25c per bottle. Sold by W. H. Windrow.

A man usually smiles when another man invites him to do so.

Stiff neck is not only painful but annoying. To get rid of it quickly rub the affected part with Ballard's Snow Liniment. It penetrates the flesh and relaxes the muscles so that the pain ceases immediately. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Piles Cured in 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

When your food does not digest well and you feel "blue," tired and discouraged, you should use a little Herbine at bedtime. It opens the bowels, purifies the system and restores a fine feeling of health and energy. Price 50c. Sold by W. H. Windrow.

Don't try too hard to stand in with that rich family who have moved in your neighborhood. They may prove desirable acquaintances, but your fawning will only have a tendency to disgust them.

For cholera morbus, cholera infantum, diarrhoea from colds, and wind colic, McGee's Baby Elixir is a remedy of extraordinary power, it relieves colic pains instantly, checks diarrhoea and settles the disordered stomach. Price 25c and 50c per bottle. Sold by W. H. Windrow.

A wide-awake man does not wait until he is covered up before he begins to shovel the snow. He makes a path for himself while the snow is still falling and the wind yet howling.

If you belch up a bitter tasting liquid it is a sign of bad digestion. A dose or two of Herbine will correct the disorder. It stimulates digestion and purifies the bowels. Price 50c. Sold by W. H. Windrow.

It's a good idea to have the pigs so tame that they will come up to you and lie down to get their backs rubbed. A corn cob is an excellent implement to use for that purpose.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by All Dealers.

You can smile on the fellow who is down and out even if you can't help him financially; and the right kind of a grin has put courage into many well-nigh hopeless hearts.

The Quinine That Does Not Affect the Head.

Because of its tonic laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

If you are going to have company, don't overwork getting ready for them. Have a little less to eat and try to enjoy every minute of the visit.

Cures Old Sores, Other Remedies Won't Cure

The worst case of any matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Itches at the same time. 25c, 50c, \$1.00.

Beware of the man who carries a favor for himself by telling you how much it will be to your advantage to do so and so.

Invigorating to the Pale and Sickly

The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

An abundance of dry wood, kindling and clean corn cobs in the wood-house, looks mighty good to the women folks.

Only One "BROMO QUININE"

To get the genuine, call for full name, LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE. Cures a Cold in One Day, Stomach and headache, and works off cold. 25c.

A wise man realizes his own failings and so has charity for his neighbor's imperfections.

MOTHER SUPERIOR ROSARY HILL HOME

Tells How Vinol Restores Strength and Vitality to the Weak, Worn-Out Ones in Her Charge.

Rosary Hill Home, Hawthorne, N. Y. "I have been at work among the sick and poor for nearly eighteen years, and whenever I have used Vinol for run-down, weak or emaciated patients, they have been visibly benefited by it. One patient, a young woman, was so weak and ill she could hardly creep to my door for aid, and was leaning on a friend's arm. I supplied Vinol to her liberally and in a month when she returned to thank me I hardly recognized her. She was strong, her color charming and her cheeks rounded out. These words are uttered from my heart, in order that more people may know about Vinol, as there is nothing makes me happier in the world than to relieve the sick." Mother M. ALPHONSA LATHROP, O.S.D., Hawthorne, N. Y.

Such disinterested and reliable testimony should convince everyone of the merits of Vinol, our delicious cod liver and iron tonic to build up health and strength for all weakened and nervous conditions, whether caused from overwork, worry or chronic coughs and colds. If Vinol fails to benefit we return your money.

THE WONDERFUL AEROSCOPE, HIGHER THAN THE FERRIS WHEEL, GIVES VISITORS MARVELOUS VIEW OF THE WORLD'S GREATEST EXPOSITION

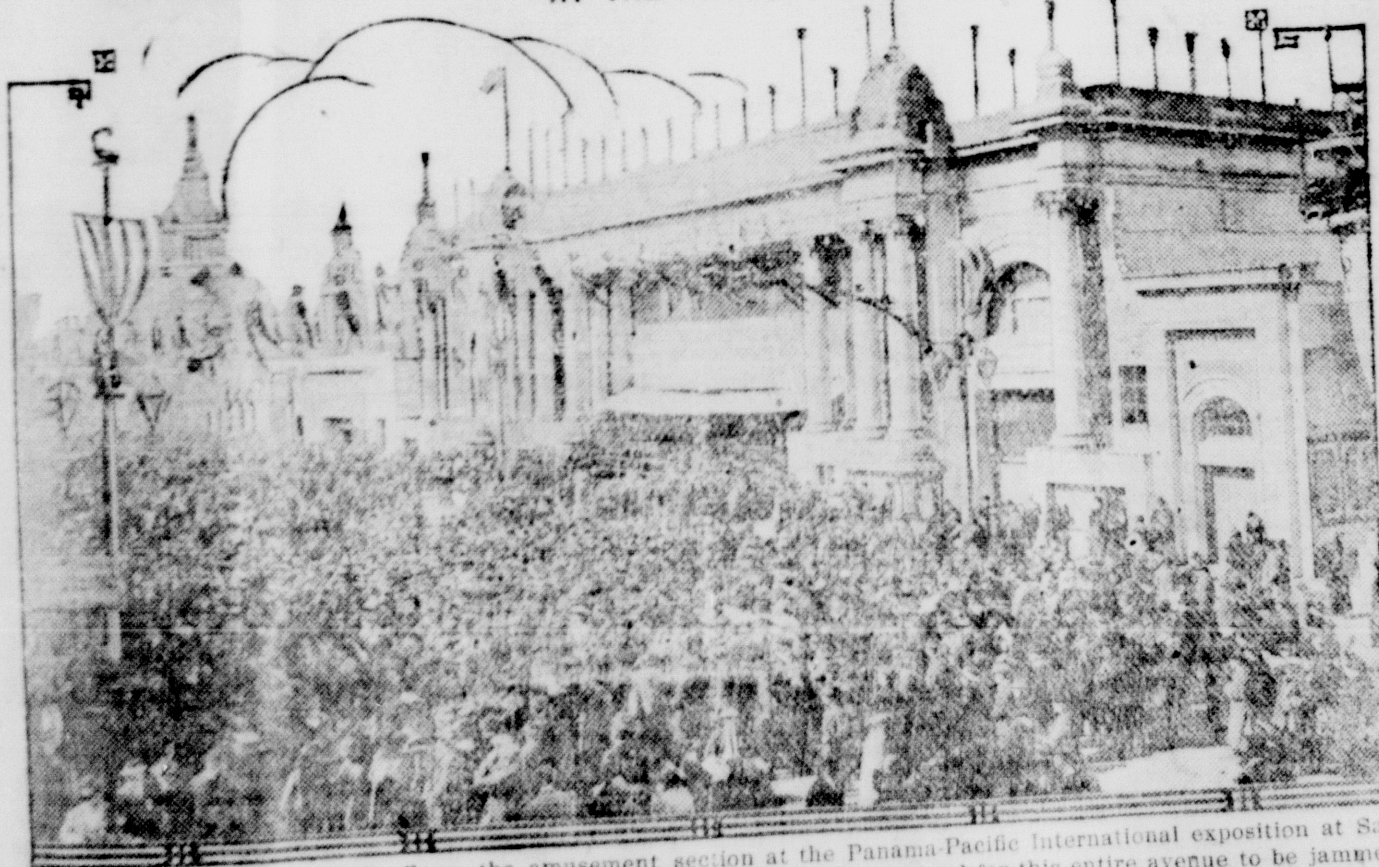

VISITORS ON THE AEROSCOPE 265 FEET ABOVE THE EARTH

THE GIANT FRAME OF THE AEROSCOPE AS IT APPEARED UNDER CONSTRUCTION

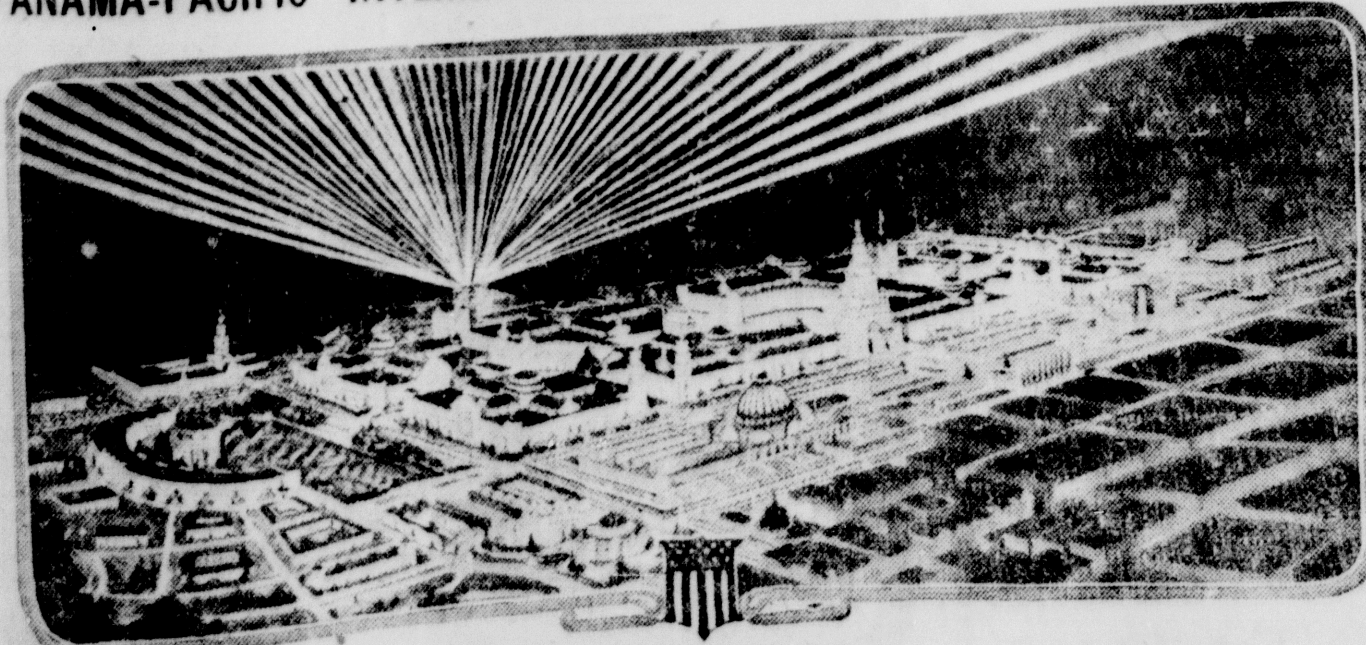

For the seeker of amusement there is opportunity a-plenty in the unique mechanical achievement, the Aeroscope, on "The Zone," at the Panama-Pacific International Exposition. The Aeroscope resembles a giant crane of a novel and intricate design, its steel construction recalling that of the Bascule bridge. At the extremity of the long arm of the crane is a two-story car with a seating capacity for 100 persons and standing room for 20 more. At the short end of the crane is a giant mass of concrete, which serves as a counter-balance for the long arm of the crane. Beneath the car are two great water tanks, which take on water or discharge it as passengers enter or leave the car, thus always preserving the balance to a nicety. When, for example, a man weighing 160 pounds enters the car an amount of water of equal weight is released from the tank, and when the passenger departs 160 pounds of water are automatically discharged into the tank below the car. The car ascends without perceptible motion, and perfect safety and a jarless ride of ten minutes is assured to passengers while enjoying this trip of 265 feet into the clouds, or four feet higher than the Ferris wheel. Two motors control the ascent and descent in conjunction with the counter-balance of the huge car, and when it reaches its extreme height it begins to swing slowly around on the wheels at its base, giving a magnificent view of the exposition, of San Francisco bay and of the city of San Francisco.

THE "ZONE," THE PLAYGROUND OF THE PEOPLE OF THE WORLD AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION

Through the center of the Zone, the amusement section at the Panama-Pacific International exposition at San Francisco, runs a broad avenue three thousand feet in length. It is not unusual for this entire avenue to be jammed with entertainment seekers who are busy patronizing the one hundred concessions on the Zone. An exact reproduction of the Panama canal is one of the popular and instructive features, there being a constant line both day and night of people eager to see the workings of the miniature canal. The premier showmen of America have assembled here their finest offerings of amusement, education and instruction.

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915

Copyright, 1915, by Panama-Pacific International Exposition.

THE night panoramic view of the Exposition shown above gives but a faint idea of the magnificent picture which will be presented. The wonderful electrical illumination that is planned will make not only the grounds and buildings of the Exposition as light as the bright California sunshine, but will include all the beauties of the bay and city. The progress of electrical lighting science makes possible a far more brilliant night effect than has ever been known before. In fact, scientific developments in all lines will be utilized to make the Panama-Pacific International Exposition fully one hundred per cent greater and grander than any other world exposition ever held.

THE UNIVERSITY SCHOOL OF JOURNALISM

Learning the mechanical side of the newspaper business.

This photograph shows a linotype machine in use in the School of Journalism of the University of Texas. Recognizing the importance of newspapers to the commonwealth, realizing that the press is the most potent molder of public opinion, and that a free and enlightened press is an important factor in all progress worth while, the regents of the University of Texas established last year a School of Journalism, where the youth of the state of journalistic ambitions might receive competent instruction, be grounded in the best traditions of journalism, and inspired with the highest ideals of service. The school enrolled fifty students during the first year. Considerable stress is put upon the mechanical and business side of newspaper publishing, with a view to being of service, particularly to the rural and small town press of the state.

UNIVERSITY OF TEXAS DOMESTIC SCIENCE LABORATORY: FUTURE HOUSEWIVES LEARNING FOOD VALUES

Statisticians estimate that \$9,000,000,000.00 is spent annually in the United States to satisfy the primary wants of man; food, shelter, clothing. Women spend three-fourths of this vast sum. Is it not the part of wisdom for the state to see to it that they are equipped to spend this money judiciously? To teach the future housewives of Texas this important art is being attempted with splendid success by the University of Texas, at Austin, through its department of domestic economy. Girls are here afforded scientific instruction in all that pertains to home-making. The student is taught to judge textiles properly, the elements of dress-making, home decoration, the value of home-furnishings, food values, cooking, and so on. In short, girls are given a thorough course in the science and art of home-making.

The World in Epitome Shown by Displays in the Vast Exhibit Palaces at the Panama-Pacific International Exposition.

Today the great Panama-Pacific International Exposition at San Francisco is being widely exploited throughout the world by the millions of sight-seers who have visited the exposition since its opening on February 20th last as the most beautiful, comprehensive and interesting universal exposition that the world has ever known. The wonderful exhibit palaces house the treasures of the earth, while the grounds, planted to millions of rare bulbs, are a gorgeous mass of color and fragrance. To the visitor, entering the gates for the first time, either by night or day, the scene is certain to hold the newcomer spellbound, as the vast panorama unfolds bit by bit before the gaze and the eye wanders from one beauty spot to another in an endless chain of amazing surprises. Entering the main gate at Scott street, for instance the visitor sees the great Fountain of Energy directly before him. Its giant sprays sparkling and flashing in the light of the warm California sun by day, or assuming the appearance of masses of flowing flames by night under the powerful beams of the great batteries of searchlights trained upon this work of art. As the spell is lifted the eye falls upon the Tower of Jewels, the great center piece of the exposition, and again attention is arrested until the eye has conquered the dizzy heights of this gem-studded tower every cornice and figure sending forth its share of dazzling lights.

The world's advance in all branches of art, science and industry is amazingly portrayed in the exhibits. Among the electrical exhibits, for example, is the Audion amplifier, invented by Lee De Forest. Through this invention the visitor in the Liberal Arts palace is enabled to converse over the long distance telephone with his relatives at the farthest section of the Atlantic coast and may hear the voice of the speaker in greater volume than was actually given into the transmitting telephone. The intensity of the sound is increased by passing through heat waves. Today it is possible for an orator in New York city to address through the telephone a large audience at San Francisco the sound being increased so that it is of power great enough to fill a large hall. This single advance in the development of the telephone is paralleled in hundreds of other lines. The railroads have made low round trip rates and ample and reasonable accommodations are to be had in San Francisco and the adjoining cities.

To Drive Out Malaria And Build Up The System
Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

Whenever You Need a General Tonic Take Grove's
The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

THIS is unquestionably the most successful medicine for the bowels ever compounded, and is the recognized standard over a large part of the civilized world. Every man of a family should keep this remedy in his home. Buy it now. It may save life. PRICE, 25c. LARGE SIZE, 50c.

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

HORSESHOEING

A SPECIALTY

Upper Hondo Handouts.

The farmers up here have taken advantage of the fine weather, and worked overtime on their crops, as grass and weeds were plentiful.

I surprise was tendered Miss Emma Scheile one night this week at the hospitable home of Mr. and Mrs. Henry Scheile.

Referring to an item in the Anvil of May 8th, would say that the man was misinformed as to what Hoff said, or maybe he is like Hoff. Geo. Washington (hard to hear) so one story says in regard to George and the cherry tree. He saw that his father was being asked who chopped the cherry said "Ike did it." Ike being hard of hearing to say "I did it." So he did not go to the Convention, but happened when they met, and was not represented, on himself to represent Medina county, which opportunity, and if necessary, from the printer the chief editor, and boost Medina county, when said man was represented, will never read But he says his wife and tell him what well of Hondo ter, Mrs. A.

Marquis, this week.

Eavedropping over the telephone: "Hello! Say, Mr. Sprott has just built a new smoke house! I am going to take my hogs to market tomorrow!" "I would take mine, too, if I had time, but will have to risk it!"

One week more and the term of school is out.

Crops are fine, growing well, and grass on the range never better, and cattle are fat.

Born, to Mr. and Mrs. Garland Hancock, a girl. Mother and child are doing well, and papa is stepping high, and Grandpa Sprott is the proudest one in the whole family.

Rothe school will close on the 22nd, and at night the closing exercises will take place at the school house.

Mr. and Mrs. Seb. Reiber visited Mr. and Mrs. Henry Scheile Sunday.

Harvesting of oats is at hand, and the crop is fairly good, and wheat seems to be very good.

Otto Grell of Hondo is visiting Mr. and Mrs. Marquis at present.

May 15, 1915.

Haass' School Picnic.

The picnic given Friday, May 7th by the Haass University Home and School League was a decided success. A splendid program was rendered by the pupils of the school. At the noon hour the baskets of good things were brought out and their contents spread. Then followed a feast of real enjoyment and satisfaction.

String music was furnished for the occasion by the Tschirhart brothers.

An interesting feature of the day were the games of volley ball in which the school team, including the teacher, contested against the grown-ups. The result, after two hotly contested games, was in favor of the school team, a fact which goes to show that the school has not been slow to appreciate and take hold of the value of athletics. Apple races and 75 yard dashes by the pupils were other features of amusement.

At a business meeting held at three o'clock, seventeen new members were enrolled. Much interest was shown in the election of officers for the ensuing year. After an exciting election scene, Armin Bendele was elected president, and Otto Bendele vice-president. The position of secretary was left open as an honorary position for the succeeding teacher.

The secretary then reviewed the work accomplished by the league during its short existence. He pointed with pride to the splendid little library, the new blackboards and globe secured through the efforts of the league. He also told how, through this league, the co-operation of parents and school were brought about in such a way that great social and moral benefits were derived,

not only by the school but by all those connected with it.

The aspirations of the league for future work are high and far-reaching. Such splendid interest is being shown that there is but little doubt but that the league is permanently organized, and will continue in the good work as long as the school stands.

Uvalde 0, Hondo 13.

Uvalde base ball team came to town Thursday--or what we supposed to be the Uvalde team, and attempted to play ball, but it certainly was a rotten demonstration of the national pastime--13 to 0.

The Hondo management wishes to apologize for asking the public out to see an exhibition such as we pulled off Thursday, and explain in this manner: A letter was written to the Uvalde manager telling him that we had a first-class team, and telling him that unless he could bring a real ball team here, that he needn't come. He replied and said that he had a real, sure-enough ball team, which would give Hondo a real game. Hence the stunt of Thursday. If Uvalde cannot put anything better in the field than was here Thursday she had better confine her future efforts to Ping-Pong, or Hearts, or some other equally strenuous pastime. Poor decadent metropolis of the Southern Pacific.

The Hondo management promises to have a real game next Thursday--the chances are that a picked crack-e-jack team from Santone will be here, and that the teams that come here in the future will have to prove its class before it is allowed to show.

fore it is allowed to show.

The team goes to Sabinal next Tuesday.

Miller and Schmitt, the new juvenile battery, worked for Hondo, and Stephens and Victor for Uvalde.

A large crowd was out to see the game, which, after the third inning, insisted on "Sham." Holloway going in the box for the locals, but as Miller needed the practice he was kept in.

Anyway, the crowd enjoyed the game, about like the old-time theatre-goers used to enjoy the Cherry Sisters--they were so rotten they were very good.

Commissioners' Court.

Following business was transacted by the commissioners' court at its May term:

Permit granted Wm. Breiten and others for erection of a telephone line, to be known as the Ulbrich Line. Said line to extend from Hondo, down along the Hondo-Kilgore lane, terminating at Judge Moore's residence.

Petition of Joe Spettel and forty others for change in Castroville-Bandera road, continued for service by posting.

The treasurer's annual report of school funds, the Devine Independent District, D'Hanis Independent District, Hondo Independent District, and Medina county report, examined and approved.

Collector's reports for February, March and April, were examined and approved.

Treasurer's report examined and approved.

Sophie Oefinger was placed on the pauper's list and an allowance of \$15 per quarter made for her support, and Rothe & Koch appointed custodians of the fund.

In the matter of opening a first-class road from Lacoste to Pearson, along S. P. R. R. track, which was granted and a purse of \$375 donated by citizens to partly defray expense of opening said road, was accepted by the court.

Quarterly report of the various county officers examined and approved.

Ordered that Otto Mohike, insane, be held in the Hondo jail, at his expense, until his release, or transfer to the asylum.

Finance report examined and approved.

Petition of W. E. Hardeman and others, for change in road leading from Naegelin S. W. corner near Devine, thence S. E. across lands in Medina County, was rejected by the court.

Motion made, seconded and carried that there be levied a tax of 11 cts. on the \$100.00 valuation of taxable property subject to taxation, in Road Dist. No. 2, of Medina County, to cover interest and sinking fund, on \$40,000.00 bond issue recently voted in said Road Dist. No. 2. Further ordered by the court that the bonds be ordered printed. 80 bonds at \$500.00 each, bearing 5 per cent interest, interest payable annually, redeemable at option of the county after five years.

There being no further business on hand court adjourned until the following Monday, May 17th, when it convened as a board of equalization.

The court has been advised by the State Comptroller that the bounty law will not go into effect until June 20, therefore no bounty claims will be allowed on scalps where the animals were killed prior to June 20.

TWO UNCLE JOHNS

Cupid Is a Curious Little Critter
—He Doesn't Ask Questions.

By BRYANT C. ROGERS.
(Copyright, 1915, by the McClure Newspaper Syndicate.)

An eastbound train had left Chicago an hour behind time when an oldish, pleasant-faced man rose up from his seat in one of the coaches, and after a vigorous yawn and uttering a "ho-hum!" walked down the aisle to scan the faces of his fellow passengers.

He found a kindred spirit in a man about as old as himself and some of the passengers noticed that they bore a close resemblance.

"Hello!"

"Hello! Have a seat?"

"I don't mind. It's kinder lonesome."

"Mighty lonesome. Goin' somewhere, I take it?"

"Yes, goin' east to see my niece."

"Isn't that odd. Why, I'm goin' east to see my nephew."

"My niece lives in Franklin."

"You don't say. Why, my nephew lives right there, too."

"And my niece has had trouble with her husband and left him."

"Gosh! All hemlock! And my nephew has had trouble with his wife and left her."

"My niece's name is Marshall."

"And so is my nephew's wife's."

"I got a letter tellin' me about it and askin' me to come on."

"Just my case."

"And I read it to my wife and then said: 'I guess I'll have to jog along to Franklin and help Nellie out of her trouble.'"

"And I said the same thing when I got my letter, and now we are on the way there together. I never could believe that the whole swampered Jones until this very mornin'."

"But I shall now believe it the rest of my life, and Dan'll be in the lion's den on top of it. What does your niece charge agin my nephew?"

"Extravagance."

"Aunt Jiminy! but that's what he charges agin her! Say, we've got to have a long talk and see what can be done."

The trouble had come about logically. Britt Hope was a good-looking young man. Miss Nellie was a good-looking and attractive young girl. They moved in the same set and presently fell in love.

Nothing wrong about that whatever. Falling in love is one of the laws of nature.

Miss Nellie Marshall had a well-off father. Britt Hope was a widow's son and had to care for her.

Mr. Marshall allowed his daughter \$10 a week pin-money. Young Mr. Hope earned a salary of \$18 a week.

When Mr. Hope asked Mr. Marshall for his consent the former ought to have asked: "Young man, how can you support her on your salary?"

But he didn't ask it. He knew that it would be a waste of time and breath. The father who does ask it only hurts the young man's feelings by mixing the sordid with the romantic. A bank clerk who is not in love can figure to a hair's breadth. One who is in love refuses to figure at all.

"Why, we can get along splendidly," was the way the lovers put it to each other. If they had been asked to take a pencil and figure up the cost of the sugar and butter and meat they would have felt insulted.

They were married, of course. Then should have come a woodbine cottage, but the rent was too high. The landlords charge \$10 a month for the cottage, and tucked on the other \$15 for the woodbine.

They went to live over a grocery instead. It not only fronted on the main street, but there was a stovepipe hole in the kitchen floor through which groceries could be ordered right off the ice. Mrs. Hope put this forward as an excuse for living there, and all her friends were satisfied.

Mr. Hope had to have his high collars, his games of pool, his cigars and other little extravagances, and although the father stopped her pin-money, Mrs. Hope went right on in her career. One evening, after about three months of married happiness, Mr. Hope came home with furrowed brow, and in answer to questions he threw a bill on the table.

"What is that?" he asked.

"Why, the butcher's bill," was answered.

"And that?"

"Our grocer's bill."

"And that?"

"It's the coal bill, isn't it?"

"I should say it was. Nellie, what has become of the money I have given you every week?"

"I have used it."

"And yet these bills show that we are \$50 in debt!"

Of course, the wife cried, and there were recriminations and charges and counter-charges, and the god of love flew out of the window, and the grocer's boy heard enough through the stovepipe hole to make him pause and exclaim: "Gee, but I call that going some!"

This was the beginning of a trouble that grew and grew with the passing of time until it became unbearable. Neither the fathers nor the mothers would be drawn into it. The young husband refused to lessen his personal expense, and of course, the wife was defiant about it.

Cupid is a curious little critter. He says to a young man: "Here's a fine young girl. Marry her."

He doesn't ask anything about finances or cooking, but when he has made a match of it he goes away patting himself on the back as if he had done a very smart thing.

And when things turn out badly with the cub of a young man and the young girl, both of whom ought to have remained in the nursery at least two years longer, the old folks get out of it by saying: "It has turned out just as might have been expected."

At the end of a year there was a separation, and it was then that the respective Uncle Johns were written to. They had had their talk and laid their plans. When the one Uncle John had come into the presence of Mr. Britt Hope he said:

"Good boy! I was glad to hear of your pluck. You did a very foolish thing in marrying a silly girl like that, but you are not the first to be led astray by a doll's face. They tell me that she don't know enough to drive a hen off the doorstep."

"Oh, Nellie has some good points."

"Well, have you seen a lawyer about your divorce?"

"No-o-o."

"Better come right out with me now. The longer you are tied to such a thing as that the worse for you. Who is the best lawyer in town?"

"I—I thought I wouldn't be in any hurry about the divorce, Uncle John."

"But I've got a gal out West picked out for you. Instead of running you in debt she'll help you to make money. Did your wife throw dishes at you and pull hair?"

"No, not as bad as that. Sometimes I think—"

"You think she would have murdered you if you hadn't been on your guard?"

"Why, Uncle John, I couldn't have written you anything to make you think things were as bad as that," said the nephew.

"Oh, you didn't say things right out, but I could fully realize how much you must have suffered. It was awful, awful, Britt; and I am here to make a change for you. When the world knows through the divorce courts just how that fiend of a woman ruined your life it will be more than agast that such things can be."

"Please don't refer to her as a fiend, uncle."

"But how else? To economize all you possibly could, you were wearing paper collars and smoking the cheapest cigars and buying your clothes second-hand, and there she was, going to the moving pictures every afternoon and buying candy by the ton. Oh, the world shall know—it shall know! But, come. We must not lose any time seeing a lawyer."

"Uncle John, I—I—" stammered the nephew.

"Come along and end this awful misery as soon as possible. Why, I'm afraid to leave you alone here for half an hour. You may commit suicide."

"Oh, I shan't do that."

"Well, take a little time and think of all her mean acts and set them down on paper for a lawyer. Don't spare her. She has had no mercy on you. Why, Britt, when I think of how that she-fiend has driven you to the verge of—"

Uncle John had been gone about ten minutes when Mr. Hope clapped on his hat to take a walk. The other Uncle John had been doing his part at the same time. He had begged the wife to get a divorce. He had called her husband a he-fiend that ought to be strung up without mercy, and he had spread it on so thick that the wife had finally said:

"I have come to think that it was as much my fault as Britt's."

"Oh, it couldn't be."

"And I shall be in no hurry about a divorce."

"But try and be placid."

Mrs. Hope plinned on her hat and went walking.

The hopes met and halted.

"My Uncle John is here from the West," said Mr. Hope.

"So is mine," answered Mrs. Hope.

"My Uncle John is an old fool!"

"And so is mine."

And as the two Uncle Johns neared Chicago on the homeward trip one of them said:

"Wall, it worked as easy as grease."

"Sure it did," replied the other.

And then the two old hypocrites winked at each other and shook hands again.

Making an Alligator Useful.

Capt. B. R. King, superintendent of the Fort Meade water works, was in town Sunday and presented the editor with a picture of the only working alligator in Florida. Some time ago one of the sewers of Fort Meade became clogged up. It was 400 feet from manhole to manhole and the sewer was twenty feet below the surface and in quicksand. It looked as though the city was in for an expensive job. The captain conceived the idea of getting an alligator, tying a line to him and let him work his way through the sewer. At first an eighteen-inch gator was tried; he went about two hundred feet and turned back. Then a four-foot gator was obtained and he worked his way from manhole to manhole, carrying the line with him, after which the cleaning of the sewer was a simple matter.—Wauchula (Fla.) Advocate.

Maybe Not.

"The sparrows seem to be getting at these peas, John. Couldn't you put up some kind of scarecrow?"

"Scarecrow wouldn't be no use, Miss. Why, if you was to stand there yourself all day, I doubt if y'd keep 'em off."

News From Home.

When the evening shade is fallin' at the closing of the day,
An' a feller rests from labor, smokin' at his pipe of clay,
There's nothing does him so much good, be fortune up or down,
As the little country paper from his Old Home Town.

It ain't a thing of beauty and its print's not always clean,
But it straightens out his temper when a feller's feelin' mean;
It takes the wrinkles off his face an' brushes off the frown,
That little country paper from his Old Home Town.

It tells of all the parties and the balls of Pumpkin Row,
'Bout who spent Sunday with who's girl, and how the crops'll grow,
An' how it keeps a feller posted who's up and who is down,
That little country paper from his Old Home Town.

Now, I like to read the dailies and the story papers too,
And at times the yaller novels and some other trash—don't you?
But when I want some other readin' that'll brushaway a frown,
I want that little paper from my Old Home Town.

Long distance writing of double-barreled editorials is something to try one's editorial marksmanship!

Now is the time to cut the weeds, oil the water tank and swat the fly. A little precaution may prevent a world of regret.

No man ever thrived on enmity towards his neighbor; no community divided against itself ever prospered. Let's drop our personal piques and unite on every movement that has for its purpose the advancement of each other in general and our community in particular. Harmony is the prerequisite of all community as well as all natural growth.

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she is overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years, in all cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical "change of life"; for women with bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is guaranteed to benefit or cure. The successful teacher never misses an opportunity to study her profession and improve her skill and ability for imparting instruction. The Hondo Summer Normal offers you one of these opportunities. We hope to see a large number take advantage of it.

It should be the ambition of every man to own some land—some spot where he can plant his feet and say this is my own! Land prices every where, and especially in Southwest Texas, have increased rapidly within the last few years. But we believe that with normal condition—with no wars to disturb our industrial growth—the advance in the next decade will be more rapid than it has been in the one just past. Therefore, we believe it is the part of wisdom for every young man to acquire a home of his own on the land.

LET US be merciful in our judgments of our fellow man. We may not always understand the reasons for his failures and his short-comings. Possibly his temptations have been more than he could bear. Possibly he is more weak than wicked. And it is always better to err, if err we must, on the side of mercy rather than severity. Let us put ourselves in the other man's place. Let us think what we would wish others to do unto us if we were in his place. And then—"Whatsoever ye would that others should do unto you do ye even so unto them." Do it to the uttermost and then—we can not have materially erred!

This country imported last year nine and one-half million dollars worth of live stock, ten and one-half million dollars worth of dairy products and one-hundred and seventeen million dollars worth of hides and skins. Yet in face of this demand at home, which foreigners are supplying, Texas is exporting seventy-five per cent of her cotton seed meal. This meal should be fed to live stock at home, the product furnished to our home market and the manure returned to our soil. Thus would we save in the cost of the long freight haul of both the live stock products and of our meal and pocket the profit on both products which now goes to the foreigner. Instead of that we are impoverishing both our pocket book and our soil by our lack of good business practices and to the financial gain of the foreigner. More feed crops and more live-stock on the farm is the American farmer's salvation.

Farmers Elect Delegates.
Dilley, Tex., May 15.—At a meeting
of the Dilley Farmers' Institute, B. L.
Smith, T. D. Fulmer and H. A. Sack-
ville were elected delegates to the
meeting of the State Farmers' In-
stitute at Austin July 27, 28 and 29.
Fletcher Davis, Farmers' Institute
lecturer for the State Department of
Agriculture, addressed the meeting on
agricultural topics. The Dilley In-
stitute has grown from a mere handi-
craft at its organization in March to a
membership of nearly fifty.

White Man With Black Liver.
The Liver is a blood purifier. It was
thought at one time it was the seat of
passions. The trouble with most peo-
ple is that their liver becomes black
because of impurities in the blood due
to bad physical states, causing Bil-
iousness, Headache, Dizziness and
Constipation. Dr. King's New Life
Pills will clean up the Liver and give
you new life. 25c at your Druggist.

Cheap Land for Employees.
A large industry in Christiania, Nor-
way, has leased its idle land at a
cheap rate to its employees who will
erect thereon individual suburban
homes of their own.

Infection in the Air.
Medical authorities agree that colds
are infectious. In some cities children
with colds are barred from schools.
Spring's changing weather brings
many colds. The quickest and safe
way to stop colds, coughs and croup is
to give Foley's Honey and Tar Com-
pound. W. H. Windrow, Hondo; Louis
Carle, D'Hanis.

**Some Forms of Rheumatism
Curable.**

Rheumatism is a disease character-
ized by pains in the joints and in the
muscles. The most common forms are:
Acute and Chronic Rheumatism,
Rheumatic Headaches, Sciatic Rheu-
matism and Lumbago. All of these
types can be helped absolutely by ap-
plying some good liniment that pen-
etrates. An application of Sloan's
Liniment two or three times a day to
the affected part will give instant re-
lief. Sloan's Liniment is good for
pain, and especially Rheumatic Pain,
because it penetrates to the seat of
the trouble soothes the afflicted part
and draws the pain. "Sloan's Lin-
iment is all medicine." Get a 25c bot-
tle now. Keep it handy in case of
emergency.

You Need a Tonic
There are times in every woman's life when she
needs a tonic to help her over the hard places.
When that time comes to you, you know what tonic
to take—Cardui, the woman's tonic. Cardui is com-
posed of purely vegetable ingredients, which act
gently, yet surely, on the weakened womanly organs,
and helps build them back to strength and health.
It has benefited thousands and thousands of weak,
ailing women in its past half century of wonderful
success, and it will do the same for you.
You can't make a mistake in taking
CARDUI
The Woman's Tonic
Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark.,
says: "I think Cardui is the greatest medicine on earth,
for women. Before I began to take Cardui, I was
so weak and nervous, and had such awful dizzy
spells and a poor appetite. Now I feel as well and
as strong as I ever did, and can eat most anything."
Begin taking Cardui today. Sold by all dealers.

**CALOMEL DYNAMITES YOUR LIVER!
MAKES YOU SICK AND SALIVATES**

**"Dodson's Liver Tone" Starts Your Liver
Better Than Calomel and You Don't
Lose a Day's Work**
Liven up your sluggish liver! Feel
fine and cheerful; make your work a
pleasure; be vigorous and full of ambi-
tion. But take no nasty, dangerous
calomel because it makes you sick and
you may lose a day's work.
Calomel is mercury or quicksilver
which causes necrosis of the bones.
Calomel crashes into your bile like
dynamite, breaking it up. That's when
you feel that awful nausea and cramping.
Listen to me! If you want to enjoy
the nicest, gentlest liver and bowel
cleansing you ever experienced, just take
a spoonful of harmless Dodson's Liver
Tone tonight. Your druggist or dealer
sells you a 50-cent bottle of Dodson's
Liver Tone under my personal money-
back guarantee that each spoonful will
clean your sluggish liver better than a
dose of nasty calomel and that it won't
make you sick.
Dodson's Liver Tone is real liver
medicine. You'll know it next morning
because you will wake up feeling fine,
your liver will be working; headache
and dizziness gone; stomach will be
sweet and bowels regular.
Dodson's Liver Tone is entirely vege-
table, therefore harmless and can not
salivate. Give it to your children.
Millions of people are using Dodson's
Liver Tone instead of dangerous calomel
now. Your druggist will tell you that
the sale of Calomel is almost stopped
entirely here.

Penny Wise and Pound Foolish

Hard times make every woman look to see where she can save money, which, of course, is sensible and proper if not carried too far.

In the case of food it would be foolish to attempt to substitute sawdust for a breakfast food because it is cheaper. Everyone knows sawdust has no food value and its use would be a positive detriment to the health.

Alum baking powders may cost a little less than cream of tartar powders like Royal, but many of the highest food authorities both in this country and abroad have declared them to be injurious and not safe to use.

To attempt to cut the cost of living by using low-grade alum powders is unwise economy.

Cards are out announcing the approaching marriage of Mr. Perry L. Crain to Miss Verna Mae Hudspeth on Tuesday afternoon, June 1, 1915, at five-thirty o'clock at the Methodist Episcopal Church, South, Hondo, Texas.

Born, to Mr. and Mrs. S. G. Carter, Thursday morning at 1:10 o'clock, a son. The infant was born dead and the little body was tenderly laid to rest in the new cemetery at 4:30 o'clock Thursday afternoon. The grief-stricken parents have the sincere and heart-felt sympathy of the entire community in this hour of bereavement. "The Lord giveth and the Lord taketh away." We are, indeed, very glad to be able to report Mrs. Carter as doing well.

While returning from the tent meeting on College Square Thursday night Mrs. A. M. Lamm had the misfortune to trip and fall and received quite painful injuries which have since confined her to her room. She and Judge Lamm were leisurely walking along when her feet became entangled with wire, both ends of which had become embedded in the earth, and in her efforts to extricate herself she was thrown violently to the ground, with the result above stated. Judge Lamm, in his efforts to prevent her from falling, was dragged down, falling on her. With considerable difficulty the Judge succeeded in getting Mrs. Lamm home. The habit people have of throwing wire on the street should be abated. To some one's thoughtlessness this accident is due. Mrs. Lamm's friends hope that her injuries will prove only temporary.

Mad at Paint.

25c a gallon for paint is about \$2.50 on the average job, and lots of men waited last year for that; but they didn't reckon; they got mad; wouldn't pay it.

There are times to get mad and refuse to pay; but when one's property needs protecting is no time to get mad and not paint.

Besides, it costs more to get mad and wait than to paint.

Getting mad doesn't do any good to your property; paint does it good by keeping out water; no water no rot; no paint, some water and rot; and a little rot is more than enough to make a man liberal towards his painter and paint.

Paint costs not a cent. All the paint in the world, so long as it keeps out water, costs not a cent.

August Pingenot Dead.

News was received here that Mr. August Pingenot had died at Bandera Thursday morning. Mr. Pingenot was a brother of Celest Pingenot of Cline and of the late Mrs. Justine de Montel. He came to Texas from France in 1846 and spent his youth in Castrovilla. He served in the Confederate army during his early manhood. He was never married and after the war made his home at his ranch near Bandera where he lived the life of a recluse. Several years ago, feeling the feebleness of old age creeping upon him, he sold his ranch and moved to Bandera. He has been an invalid for the past year, having been injured by a fall. His brother, Celest Pingenot has spent the past eight months at his bedside and was with him at his death.
